

E. H. EVERETT HAS DEEDED HIS BEAUTIFUL HOME TO THE NEWARK HOSPITAL

Gift Made Through Mrs. Everett to President of the Board of Managers, Mrs. W. N. Fulton

WILL ALSO GIVE ENDOWMENT FUND OF \$10,000

Location is an Ideal One and Directors and Trustees of Hospital Will Meet This Evening When Generous Offering Will be Formally Presented.

Through the generosity of Mr. E. H. Everett, president of the American Bottle Co., it now seems an assured fact that Newark is to have an up-to-date hospital with capacity of accommodating the patients who seek entrance in a city the size of Newark.

On Thursday afternoon Mr. and Mrs. E. H. Everett called on Mrs. W. N. Fulton, president of the board of managers of the City hospital, preparatory to leaving for Washington and just before quitting the Fulton home Mrs. Everett handed Mrs. Fulton the following letter:

Dear Mrs. Fulton: Before leaving Newark I wish to say that I will be glad to deed my residence property, corner Indiana and Buena Vista streets for hospital purposes, provided that mutual satisfactory conditions can be concluded. If such conditions can be arranged, I think my husband will be glad to endow it with dividend paying securities of not less face value than \$10,000, making in all approximately \$25,000.

MRS. AMY KING EVERETT.
As is seen by the letter the gift is made in the name of Mrs. Everett, and when asked for further information concerning it Mr. Everett said that the place was the property of the City hospital, but that alone did not constitute a hospital, but that buildings must be erected and the people of Newark must support it and if they cared to do this the property was theirs.

This unrestricted offer of Mr. Everett's came as a great surprise. About seven years ago the hospital board thought of buying the Everett home and it was offered them for \$15,000 but the plan fell through and it was not taken up again.

The location is most desirable and the estate is a beautiful place, the home being placed in the middle of spacious grounds with beautiful shade trees. It is conveniently near

the center of the city and easy of access to the various factories from where many of the emergency cases come.

The board of managers and the board of trustees of the hospital will hold a meeting this evening in the Trust building, where the offer of Mr. Everett will be formally presented to the board and action will undoubtedly be taken at once. It is probable that a committee will be appointed to view the grounds, ascertain their possibilities and then the people of Newark will be given an opportunity to secure in a very easy way a hospital worthy of the city.

The present City hospital has done wonderful work considering the unsatisfactory conditions under which it has labored. About twelve years ago a small band of women organized and with \$50 the hospital was instituted and has existed ever since. It has been a great worry to the management for it has never been self-supporting and it was only due to the kindness of donors and the great work of the board that it remained in existence. Now that the generous offer has been made it seems certain that the city will show the appreciation of the gift and of the work of the organizers and supporters of the present institution.

LAWYER ACCUSES MAN'S WIFE TO SAVE 17-YEAR HATTIE L'BLANC

HATTIE L'BLANC AND SHERIFF FAIRBAIN

Attorney Melvin M. Johnson is attempting to save his seventeen-year-old client, Hattie LeBlanc, charged with the murder of Clarence F. Glover, of Cambridge, Mass., by accusing the dead man's wife. Prosecutor Higgins tried to bar testimony attacking the widow, but Judge Bond overruled him. Hattie LeBlanc was employed by the Glovers, and Glover was shot following rumors of a clandestine affair with the girl. Attorney Johnson said Mrs. Glover had the motive, the inclination, and the capacity to kill her husband. Judge Bond ruled out Glover's alleged dying statement that Hattie LeBlanc had shot him. The case will soon go to the jury.

SENATOR MONEY

Will Support Fortifications for Panama Canal—Tawney's Fight Probably Lost.

Washington, Dec. 2.—The fortifications of the Panama canal will have the qualified support of Senator Money, of Mississippi, minority leader of the senate. He said today that a country declaring war would not first serve notice in the newspapers but would quickly seize the fort. Moreover he says in time of war the treaties are silent. Altogether it looks as if Representative Tawney's fight against the fortifications would be lost.

JUDGE POLLOCK

May Be Appointed to Vacancy on Supreme Court Bench—Is An Ohio Man.

Washington, Dec. 2.—A rumor that Judge C. Pollock of Kansas is the selection for the vacancy on the United States supreme court bench has started inquiries as to who Pollock is. He is an Ohio man, a United Presbyterian, born in 1859, graduated from Franklin college in 1882 and admitted to the bar at Newton, Kansas, in 1884. Roosevelt appointed him judge of the United States district court in 1900.

STARTS CAMPAIGN AGAINST RETURN OF LODGE TO SENATE

Provincetown, Mass., Dec. 2.—Governor-elect Eugene N. Foss began his "Cape" campaign against the return of Henry Cabot Lodge to the United States senate last night to the accompaniment of band music and a torchlight procession, a mass meeting being held in the town hall later. Two of the quartet of Republican "insurgents" accompanying the governor-elect, David B. Dickinson, a former mayor of Cambridge, and State Senator Arthur L. Nason, addressed the meeting before Mr. Foss was introduced. In beginning Mr. Foss said the verdict of the people of the Cape Cod district in electing him to congress last spring "sealed the doom of Canadianism," compelling the national administration to seek reciprocal trade relations with Canada, caused Senators Aldrich and Hale to "abdicate their seats in the United States senate," and gave to the country at large the first real hope of tariff revision.

He began life as a newspaper reporter, meanwhile reading law. He is survived by a wife and three daughters.

FRIED KITTEN FOR LUNCHEON

Bethel, Me., Dec. 2.—Shops of food are the last with high schools of Allen and Acadia counties, the present time, and those who have them go. A young kitten was burned and fried on milk and oil, served with vegetables, and then killed and prepared for the table. The meat is described as being firm, with a game taste to it, and it is said to be as palatable as squirrel or rabbit.

ROW OVER THE NAVY ESTIMATE

Washington, Dec. 2.—A bitter fight between Naval Secretary Meyer and Representative Foss of Illinois, chairman of the house committee on naval affairs, is forecasted by a row today over the estimates for the navy. Representative Hobson, minority member of the committee, sides with Foss. Meyer claims to have saved \$5,000,000 in his estimate for 1911 as compared to the house appropriation. Foss and

SPANKED HIS YOUNG WIFE

Canton, Ohio, Dec. 2.—J. P. Miller, charged with assaulting his wife, admitted to Judge Quinn in court that he did give her a "good spanking," because, he said, she opened his letters against his wishes. "We have been married less than a year," he said, "and we have lots of trouble here lately. It went so far that I finally decided to give her a good spanking, and I certainly did lay it to her." Mrs. Miller, who is 20 years old, says that her husband did spank her. When the judge offered to send him to the workhouse she asked that he be given another chance. Judge Quinn gave him a suspended sentence.

KITES DROP MAN 125 FEET

Kansas City, Dec. 2.—Samuel F. Perkins dropped 125 feet here while being supported in the air by a string of kites. The top kites collapsed in a 60-mile gale and Perkins was only saved from serious injury by the parachute effect of the smaller kites. He had risen 150 feet, despite unfavorable weather conditions, when the hinges of the big kites crumpled in the wind and he fell to within 25 feet of the earth. The rest of his descent was checked and he was not badly injured. Perkins is a balloonist of national reputation, and is conducting experiments to show the utility of kites in war.

POOL SHOTS OF WOMAN CHAMPION

Pittsburg, Dec. 2.—Mrs. Bertha May King, woman pool champion, has won congratulations to Alfred O. King who has again won the world's championship, and requested that he give her a series of games. The shots of the woman champion were at times simply marvelous.

DIRECT PRIMARY SYSTEM

Discussed by the House of Governors at Its Last Session

ONLY ONE OPPOSED

Woman Pleads for Equal Suffrage—Conference Beneficial of Much Good.

Louisville, Ky., Dec. 2.—Burdick questions of the day, namely, those of direct primaries and "liability" employers and employees, occupied the time almost to the exclusion of any other subjects, at the annual held by the house of governors yesterday.

For the first time since the governors' conference met in Kentucky, the executives went in for real business and "Old Kentucky's" renowned hospitality was passed up.

So intent were the governors on the tasks in hand that it was with the greatest reluctance and over the protest of many of their associates that the conference finally adjourned. The result of this "go-it" attitude on the part of the governors was that far more work was accomplished yesterday than during both of the preceding days.

The next meeting will be held Spring Lake, N. J.

The question of direct primaries was the principal matter considered, although much interest was manifested in the discussion of "Automobile Reciprocity" and "Employers' Liability and Workmen's Compensation." The question of women's suffrage also was brought before the convention, not by the governors, however, but by Miss L. M. Clay, of Lexington, representative of the Kentucky Equal Suffrage Association.

Miss Clay was permitted to address the convention for 15 minutes, a motion by Governor Shafroth, Colorado, to extend her that courtesy having been unanimously adopted.

Practically every member of the conference participated in the discussion of direct primaries that followed the reading of an able paper on the subject, "The Governor of Franklin Fort, of New Jersey," by One voice was raised in opposition to the plan for the nomination of all officers by direct vote of the people, and Governor Draper, Massachusetts, was the dissenting voice. Governor Draper was not vigorous in his opposition to the proposition, but he expressed the opinion that the present system is not practicable, as that it is too expensive and unsatisfactory.

So interesting was the discussion that followed Governor Fort's address and so beneficial was it to the governors that when Governor Sloan suggested that the conference be extended over until Friday morning, the motion was raised in protest. The motion to extend the session was not acted on until later in the day, however, in executive session. It was decided that it would be to bring the session conference close, as many of the governors were compelled to return home today, cause of pressing state affairs.

Governor Fort was the central figure in the conference. He had a prominent part in the proceedings throughout the meeting by reason of his position as chairman of the committee of program and procedure. He had not made any extra remarks, however, and the governors and visitors were anxious to hear an address from the man who had made the state of New Jersey sit up and take notice. Governor Fort was anything but disappointed and his paper advocating direct primaries was voted one of the ablest and strongest read at the conference. He was very much in earnest in his advocacy of direct nominations. He made plain his views on the subject and made that this system was the only way to bring about the overthrow of the boss and to substitute the rule of the people.

The address of Governor Fort took up a considerable portion of the morning session of the conference. At the afternoon conference (Continued on page 7, col. 2)

HEART and HOME TALKS

A Gift for a Bachelor.

WHAT to give a man friend is one of the puzzles of the season for womankind. All sorts of gifts can, of course, be purchased in the shops, but many a woman still clings to the idea of sending something that is her own handiwork, or which at least has a little more flavor of individuality than the ready-made gift. For such one a gift received last year by a man may prove suggestive.

The man is rather elderly and boards. He is fond of the home-made things of the table, but rarely gets them. So this woman friend planned a rather unique gift for him. She had made for home consumption a fruit cake, the genuine, old-fashioned article rich with raisins, citron and all the indigestible ingredients that go to its composition, but which by a special dispensation of Providence does not give indigestion at Christmas.

She cut a goodly proportion of this cake into small cubes, pieces that would just be a delicious tidbit to finish off a boarding-house dinner. These she wrapped in wax paper and then in silvery tinfoil, tying each piece with glowing crimson ribbon, leaving quite long ends.

As a receptacle for the cake she had purchased a quaint, interesting-looking tobacco jar for the man to smoke. Into this she carefully packed the little cubes, letting the ribbon ends hang outside. To these ends she fastened little twigs of holly,

and to the lid of the jar she fixed a graceful holly spray. On the card to go with it she wrote a clever new version to fit the occasion about pulling out a plum without putting in his thumb. When all was finished, it was as pretty and Christmasy to look at as anyone could wish.

To say the man was delighted scarcely expresses his pleased surprise. He is particularly fond of fruit cake, and as she is famous for her cookery, in this alone he had a treat. But to think she had remembered his taste and catered to it in such a dainty, charming fashion was what pleased him the most. And when the cake was gone the jar was in itself a pretty gift and a useful one. It is now one of the favorite ornaments of his room, and whenever his eye rests upon it it calls to mind the thoughtful gift.

If one cannot make a fruit-cake, but wishes to send such a gift, delicious fruit-cake can be bought. One could send in this pretty way anything that a friend particularly likes. And it would be just as acceptable to a woman friend as to a man. Only, of course, one would choose for the receptacle something that would be useful to a woman.

For, after all, it is to be remembered that more than the gift itself is the loving thought the gift shows. This it is which brings the glow to the heart and gives the joy of the Christmas season.

Reliable Laxative for Old People Given Free

Life is so arranged that there is a close resemblance between infancy and old age. By this is not meant the mental but the physical faculties. For example, the organ of digestion is the most difficult thing the child has to contend with, as it is that of the old person.

When a person gets past middle life his power of digestion decreases, and continues to grow weaker, and for that reason so many old people are habitually constipated. They try everything recommended from hot water to strong cathartics without avail. Now, if there is any one thing a person of advanced years should not take it is a cathartic. The bowels cannot stand it. What is required is a mild, gentle, non-gripping liquid laxative.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

You have it exactly as required in Dr. Caldwell's Syrup Pepsin, which stands today, after a generation, as the ideal remedy for old people, women, children and all others who require a mild, natural remedy. We could give the names of thousands of old people who use nothing else but Dr. Caldwell's Syrup Pepsin, among them Mr. A. A. Lewis of Bentonville, Ark., and Mr. Enos Gilpin of Danville, Ill.

They first sent to Dr. Caldwell for a free sample bottle, which every reader is invited to do, and then, having tested it and found it satisfactory, they bought it of their druggist at fifty cents and one dollar a bottle. Their words of public praise should prompt the present reader to at least send for a sample bottle. It costs nothing. Results are absolutely guaranteed or money will be refunded.

"They Loved a Lassie," has gathered a fascinating collection of costume curiosities. The actress is famed as an expert in clothes. The cost of her own private and stage wardrobe has gone as high as \$50,000 a year.

In this worship at the shrine of fashion, the "dainty fashion plate of the show world" has felt a keen interest in the mode of far-off lands and has picked up many costly, freakish trifles. Among them are the chudrar of Hindoo begum, seven of the finest Cashmere; a Chinese mandarin of cloth of gold, embroidered with a lily pattern, the bells, beads and braveries of a hula-hula girl from the Sandwich Islands, the suit of fur, hood and leggings of a Kamshatka beauty; a Japanese court dress of 17th century; and the silken veillings of a Mohammedan belle of Northern Africa.

Mrs. Lewis Meyers was the entertaining hostess for the Thursday Evening Euchre club on the regular night at her home in North Fourth street. The club members have decided not to play cards until after Christmas and the work of the club will now be sewing.

Mrs. Meyers served a delicious luncheon to the members and Miss Rhea Ingler's house guest, Miss Grace Dick.

Thursday was the eightieth anniversary of Mrs. Andrew Vogel and a family dinner and reception in the afternoon and evening was given at the home of her daughter, Mrs. W. J. Johnson in Maholm street.

A menu of several courses was served at noon to the family, covers being laid for Rev. and Mrs. G. Bohon Schmidt, Rev. and Mrs. C. C. Roof, Mrs. Mary Stasel, Mr. John D. Darst, Mr. and Mrs. Richard Markham. The out of town guests were: Mr. and Mrs. C. H. Rogers, Mrs. W. T. Tally, and sons Russell and Wayne and Miss Pearl Archer of Zanesville, and Mrs. J. R. Rutherford and children Harold and Helen of Highwater.

In the afternoon and evening a reception was held and about 150 guests greeted Mrs. Vogel. The parlors of the Johnson home were prettily arranged with flowers in the colors of red and white, carnations and ferns being used. Miss Pearl Archer presided at the punch bowl and Mrs. W. T. Tally and Miss Sadie Markham assisted in the dining room.

Mrs. Vogel was also remembered by a postal card shower, she receiving about 250 beautiful cards.

The Thursday Afternoon Bridge club was entertained on the club day this week by Mrs. Edwin Besuden at her Hudson avenue home.

The club game concluded with the award of trophies being made Mrs. Judson Lewis and Mrs. Walter Scott. The guest of the club was Mrs. William Gardner.

The Phi Delta Terpsichorean Club danced at Assembly hall on Thursday evening and a large number of dancers enjoyed the hospitality of the club. The party danced from eight to twelve o'clock.

Mrs. Charles Gillette is entertaining a few friends at her home in Hudson avenue this afternoon.

On Friday afternoon Mrs. W. T. Moore will entertain with a couple tables of bridge honoring Mrs. J. D. Elliott's guest, Mrs. Scott Deming of Indianapolis.

Mrs. Moore's guests will be Mrs. Deming, Mrs. J. D. Elliott, Mrs. Louis N. Flory of Granville, Mrs. Walter Ferguson, Mrs. Helen Franklin, Mrs. Frank Beggs, Miss Alice Ashbrook and Miss Maude Stadden.

Mrs. Jermonie Ferguson will assist Mrs. Moore in entertaining.

Mrs. Frank Carpenter will entertain at her home in North Fourth street Friday afternoon with bridge out of compliment to Mrs. J. S. Carpenter of Athens and Mrs. D. B. Hartinger of Middleport.

Mrs. Charles Matthews was the entertaining hostess to the Thursday Afternoon Sewing club at her home in Seventh street on the club day of this week.

The Review club will meet Saturday afternoon at 2 o'clock with Mrs. T. M. Edmiston in Hudson avenue.

Mr. and Mrs. John Copeland entertained their pedro club at their home in Hudson avenue on Thursday evening and there were five tables of play. After the last progression the souvenirs were awarded to Mrs. Elizabeth Connell and Mr. William Graef and Mrs. Frank Steinman and Mr. Carl Graef. The guest's trophy was received by Miss Sadie Markham.

A delicious two course luncheon was served the members and the following guests: Mrs. William Bassett and Miss Sadie Markham.

HOW TO BREAK A SEVERE COLD IN A FEW HOURS

Nothing else that you can take will break your cold or end gripe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

JEFFRIES-JOHNSON PICTURES.
The films of the Jeffries-Johnson fight at Reno which are being exhibited at the Empire theatre, were witnessed by a large audience Thursday evening and Friday afternoon. Scenes around Reno are shown as well as the training quarters of the two pugilists and the 15-rounds are given in their entirety. At the close of the fight when spectators are seen rushing into the ring the smiling countenance of Fred Fitzgerald of this city is plainly discernable, standing along the ringside. He appears several times in the pictures and can be easily recognized by those who know him. Messrs. Chas. Henry, Harvey Marple, George Bador and Chas. Schaller are also seen on the opposite side of the ring, but on account of the distance their features are hardly distinguishable. The pictures are a wonderful work of photographic art.

INTENSE SUFFERING FROM DYSPEPSIA AND STOMACH TROUBLE

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing low paipation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds, in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids, or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question, they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

OBITUARY

MRS. MARY L. BOLLWINE.
Mrs. Mary L. Bollwine, wife of Mr. Bradford Bollwine, one of Newark's best known citizens, died at the City hospital Thursday afternoon at 2:50 o'clock, as was briefly mentioned in Thursday evening's Advocate, after an illness of five weeks with cancer of the stomach.

Mrs. Bollwine's maiden name was Mary Lucinda Duren. She was a daughter of Joseph Duren, Jr., and Adaline Duren and she was born in Bloomville, Delaware county, N. Y., on December 17, 1846, and was therefore in the sixty-fourth year of her age.

Many years ago her parents moved to Kansas, where Mr. Duren pre-empted a large tract of land, where Garnet now stands. While living there Miss Duren came to Newark on a visit, and while here met Mr. Bradford Bollwine to whom she was later married. Besides her husband, one son, Arthur, survives.

The funeral services will be held Saturday afternoon at 1 o'clock, from 59 South Second street and will be conducted by the Rev. L. C. Sparks, pastor of the First M. E. church, of which she was a member, and the interment will be made in the Cedar Hill cemetery.

MRS. DAVID LAMPTON.

Elizabeth A., daughter of Jonathan and Mary Coughenbaugh, was born March 10, 1841. She was the oldest of a family of seven children, Elizabeth A., Louisa, Margaret, Sarah, George, Leroy and James A. Coughenbaugh. Of this family all have preceded her to the grave except James A., who shares the sorrow with her only son, Frank L. Orr, in this hour of sacrifice and sadness.

Those who knew her best, loved her most. Kindness was her trait of character, and at no time was it so clearly manifested as in the hours of her sickness. She was a willing neighbor, a loyal friend, and no task was too great, if her friends derived a benefit from so doing, or if she believed it her duty. As a mother she was kind and affectionate.

She was united in marriage to Cyrus Orr Oct. 3, 1857, and to this union their only child, Frank L., was born. Death called her husband Feb. 15, 1878, and she was again married on June 4, 1885, to David M. Lampton, and he, too, was called to his rest by divine providence on Sept. 6, 1904, leaving her in sorrow with her son. Throughout her entire life she was an untiring church worker and a devoted Christian, and God in the exercise of his judgment called her to her reward Nov. 20, 1910, from the home of her son, near Brownsville, O.

Her death is mourned by all who knew her, and all share in the grief and sorrow of her only living brother and son.

MRS. SARAH RODENHAUSEN.

Mr. Samuel Imhoof received word this morning that his cousin, Mrs. Sarah Rieff Rodenhausen, wife of Mr. Leonard Rodenhausen, had died at her home in Philadelphia on Wednesday, and the remains will arrive here on Saturday morning. The funeral services will be held at the chapel in Cedar Hill cemetery, at 2 o'clock Saturday afternoon, and the services will be conducted by the Rev. Mr. Schmitt, pastor of the English Lutheran church, and interment will be made in Cedar Hill cemetery. The deceased was a daughter of John and Elizabeth Rieff, the latter of whom still lives in Columbus, and was also a sister of Mr. George Rieff, of Columbus.

His plan is to divide the country geographically into 12 divisions for majority members and eight for minority, and elected a committeeman from each district. This he claims would insure a real representative government.

DIRECT PRIMARY

(Continued from Page 1.)

his address was discussed. Governor Draper, Ansel, of South Carolina; Noel, of Mississippi; Cruce, of Oklahoma; McGovern, of Wisconsin; Dineen, of Illinois, and Shafrath, of Colorado, participated in the discussion.

Governor Draper was the first of the speakers, and he made known his opposition to the proposition. Not that he was opposed to the direct primary plan, but he opposed the various systems which have been tried or are about to be tried in many of the states. He said that that there is no opposition particularly to the direct primary method in the state of Massachusetts, but the fear that great evils would develop therefrom served to prevent its adoption.

In Governor Draper's opinion the direct primary plans proposed do not safeguard the honest citizens and voters. He contended that it would be an easy matter for the voters of one party to nominate the candidates of the opposition party. He said that this feature of the question seemed to have been overlooked by all of the advocates of direct primaries.

The expense of the system was, in Governor Draper's opinion, another reason why it should not be adopted. He said that it is even more expensive than conventions.

He said that he was nominated for governor by a convention and that he did not spend a single dollar. Governor Draper said he believed that primaries would do well enough in thickly settled districts, but not in a widely scattered region. He said the system would work well enough in the congressional districts of Boston, but would not serve the purpose in the state.

Governor Cruce, of Oklahoma, is a staunch advocate of the primary system. He said there is some opposition to the plan in his state, but that opposition came from the professional politicians, who now find themselves unable to manipulate elections to their own advantage. Governor Cruce expressed the opinion that less than 2 per cent of the people of Oklahoma were opposed to the direct primary plan.

Considerable interest was taken in Governor Cruce's speech by reason of the fact that he is a native Kentuckian. He was born and reared in Crittenden county, and is a bosom friend of Judge J. T. Nunn and Congressman Ollie James.

This was the first time Governor Cruce spoke at the conference and he made a splendid impression. He showed at once a familiarity with the question and the governors paid particular attention to his remarks.

Governor Ansel, of South Carolina, another enthusiastic advocate of the direct primary system which has been in vogue in his state for several years, said the system has worked satisfactorily and the people of South Carolina would have no other.

Governor Ansel said the expense attached is comparatively small, and said one of his campaigns for governor cost him less than \$500.

In the discussion of "Automobile Reciprocity" Governor Draper, of Massachusetts, was the first to accept the invitation to speak. In opening he said:

"I hardly feel as though I were qualified to speak on reciprocity, as I've done so quite frequently during the past several months and to my sorrow." His colleagues remembering the election in the Bay State laughed heartily. Governor Draper's remarks were brief and he reviewed motor vehicle legislation in his state. Governor Port, of New Jersey, followed with a short review of the

INTERESTING MEETINGS FOR MEN AT Y. M. C. A.

For the coming three Sundays the men attending the "Men's Meeting" at the Y. M. C. A. will hear a series of addresses from J. A. Bennett. The general subject will be "Great Messages to Men." The hour will be three o'clock and the "songs in the dark" that have been so successful will be used for the song service and a film of motion pictures of some interesting educational subject will be used.

All over the country many thousands of men gather in such meetings the aim of which are to inspire to right living, loyalty of each man to his own church and for the information that comes from the great speakers. While it is true that many men who attend are not in the habit of regular church attendance it is also true that many churchmen enjoy them too and take back to their own church any new things that are likely to help along.

Men are all welcome and while there is an "offering" taken every man is welcome whether he shares in it or not. It is not a dress up meeting and some men enjoy a bit of informality when they are very tired or have not had time for such preparation as they would like to make. Not a few men who come are from out of town and sometimes come many miles by trolley or otherwise to attend.

THE "BIG STICK"

But a Human Hair Root Showing Dandruff Germs at Work

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Kills the Dandruff Germ and Makes the Hair Grow
Stops Falling Hair and Removes Dandruff
FEW people are aware of the number of Dandruff Germs that infest the human hair and scalp. The germs which locate themselves in the follicle or sack which envelops the root of the hair, spend a lazy existence in sucking up the juices which should go to keep life and strength in the hair. These germs cannot be seen by the naked eye, but with a magnifying glass of from 300 to 400 diameters the spores of this hair destroyer may be seen in masses, clinging to the hair.

DANDRUFF, ITCHING OF THE SCALP AND FALLING HAIR are a sure sign of destructive germs.

Wyeth's Sage and Sulphur Hair Remedy Kills the Dandruff Germ when applied to the hair, and prevents the curse of Baldness. It also restores faded or gray hair to its natural color and beauty. No matter how gray or how long it has been gray, it will restore it to its natural color and keep it soft, glossy and healthy. Don't experiment with old-fashioned hair dyes, but save and restore your hair by using Wyeth's Sage and Sulphur Hair Remedy.

MANZ GIRL

INDICTED FOR MURDER OF HER SISTER, WILL NEVER BE TRIED FOR CRIME.

Alienists Declare That She is Insane and Jury Will Pass on Finding Monday.

Canton, Dec. 2.—Katie Manz, 16-year-old Massillon girl, indicted for the murder of her sister, Elizabeth Manz, by strychnine poisoning last March, will probably never be tried for the crime.

A commission composed of five alienists, who spent the entire day examining the accused girl, reported emphatically to Common Pleas Judge H. W. Hunter last night that she is insane. A jury will pass on the finding next Monday.

The commission declared that Katie was "incurable to society and recommended that she be confined in a state hospital for the insane for a period of years."

The commission said that it had made a careful investigation of the girl's history, and that it found that she was "intellectually delinquent and morally irresponsible and unable to differentiate between right and wrong at the time of the crime, and was insane and incurable."

Her condition is scientifically defined as an "adolescent delinquency and arrested development."

Police men all over the world use TIZ. Police men stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders, or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emory Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.
You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

LUMBAGO FOLLOWS THE GRIP

Patient Suffered for Three Years With Pains in the Back.

When Dr. Williams' Pink Pills Were Tried the Pains Left Gradually and Before Long She Was Entirely Cured.

Lumbago is a form of muscular rheumatism, and Dr. Williams' Pink Pills, which have been so successful in the treatment of various forms of rheumatism, have cured striking cases of this trouble.

Mrs. Louise Lockard, of 1035 W. Main street, Madison, Ind., who was cured by this treatment, says:

"After a severe attack of the grip I was left with lumbago and suffered with it for three years. I had sharp, shooting pains through my right side and arm and at times could not lift my arm. I was subject to these pains every winter for three years and then the pains went to my back and I could not move nor bear to have anything touch me. I became so bad that I was confined to my bed a great deal and was almost helpless for two weeks. My stomach was also in bad condition and I was very nervous. "I was under the care of local doctors and for a time they helped me but each attack would be worse than the one before. The doctors finally said I had lumbago and that my system was full of uric acid. Through the advice of a friend I began to take Dr. Williams' Pink Pills. A few boxes helped me. The pains gradually left me and I could get around again. My stomach was better and I could sleep well without having any nervous spells. It wasn't long before I was entirely cured. "If you are interested in the remedy that cured Mrs. Lockard, write today for a copy of the new edition of our book on "Diseases of the Blood." It contains information that may save you money and suffering.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

BLOOD TROUBLES CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smoulder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge.

Dr. Greenes' Nervura blood and nerve remedy to be the best medicine on earth for women, and I have no hesitation in telling my experience with it. I was very much run down. HUNTING SEASON IS NEARING END

Game Has Been Plentiful in Vicinity
of Granville—News of the
Village.

Granville, Dec. 2.—Only one more day and the quail hunting season will be over, and Bob White will be free from pursuit for another year. Many sportsmen are out in the field today and will remain until Saturday night, when the season will practically end, as the 11th, the day on which the law expires comes on Sunday. While the slaughter this year in this vicinity and elsewhere has been enormous, and many hunters have utterly ignored the restrictions placed upon them by the game laws of the state, judged by the scores which they have brought in, the fact remains that many birds are still left. A well known Granville sportsman, who was out on Friday, says that he counted sixty quail on two farms. That will be a good starter for next year. While the number of hunting accidents seem to have been larger than usual, the country over, Granville and vicinity have been free from accidents of any kind.

The body of the late Mrs. Martha Stevens Little, who died at her home in Abilene, Kansas, arrived in Granville Wednesday night and on Thursday was laid beside her husband, Henry J. Little, in Maple Grove cemetery. The funeral services were held Thursday afternoon in the Presbyterian church of which the deceased had for many years been a member. The Rev. J. T. Newell, pastor of the church, officiated. The Little family, some years ago, was a prominent one in Granville. The members of the family resided on the corner of Broadway and Plum streets where Stone-Hall now stands. One daughter, Miss Sue, who made her home with her mother, and one son, Robert R., of the same place, survive her. Mr. Little accompanied the remains to Granville.

Tonsiline Prevents Diphtheria

Diphtheria is the most dreaded disease of childhood, because it is so often fatal. It is invariably preceded by Sore Throat—nature's danger signal. At the appearance of Sore Throat the first thought should be its quick cure. Don't regard it lightly—don't think it may be gone tomorrow. An hour's delay may bring fatal results. What good doctor in his practice now advises delay or thinks lightly of any Sore Throat, especially in children? Modern medication wisely endeavors to quickly control and cure the simpler forms of disease—it's so much easier and so much safer than waiting for the graver diseases to follow. It is right here and in this way that TONSILINE has its greatest value. Tonsiline will positively cure the Sore Throat and thereby prevent the dread disease—Diphtheria. Tonsiline is the one remedy, sold largely throughout the United States, exclusively for the cure of Sore Throats. Its field is limited but it does its whole duty every time. TONSILINE has justly earned the success it has achieved as a Sore Throat Cure. Buy a bottle today and have it ready for instant use. Tonsiline is the stitch in time. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

MAIL YOUR XMAS PACKAGES EARLY

The postoffice department requests that all Christmas packages of value be sent by registered mail, which insures safe delivery. The registry fee is 10 cents besides the postage. The department has recently ruled that no return receipt will be furnished except when requested by the sender at the time of mailing. Do not seal the packages with Christmas tags and stickers, as anything sealed in this manner subjects it to letter postage. As the mail during the holiday season is exceedingly heavy, it is requested that packages be mailed early. Care should be exercised in stating the contents of packages when presented for mailing. Patrons often present books to the clerks and state that it is merchandise thereby paying more postage than necessary. Merchandise rate is 1 cent an ounce, while book rate is 1 cent for two ounces.

WILL RAFFLE OFF BURIAL

Denver, Colo., Dec. 2.—Persons desiring to celebrate the glad New Year with a fine \$150 funeral, either for themselves or their relatives, will have the opportunity of their lives in a "lottery" announced today by Ira Gwin, undertaker and embalmer.

Gwin proposes to raffle off one first class burial which he has to spare. All persons visiting the "embalmer's emporium" between now and January 1st are entitled to one "chance" on the raffle. Each person registering his or her name Gwin announces, will be given one black ticket, with a white number on it.

On New Year's day, Gwin says, duplicate numbers will be placed with due solemnity in the embalmer's black silk tie, shaken up and one extracted. The winner, though entitled to one "hauc-up funeral with trimmings," is, however, not compelled to expire in order to get the prize, but may transfer it to any of his relatives who may have conveniently died.

MARK TWAIN

1/2 Price

A New Edition

Now for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at \$50.00. This new edition is only \$25.00—for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity—for the first time in the history of publishing, copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

His Complete Works—25 Beautiful Volumes

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers, and will be handed down to posterity through the title of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Theodore, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature." Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author at periods when the different books were in process of writing.

There are beautiful pictures by such artists as Frost, Newell, Smalley, Thayer, C. J. Smith, Kimball, and Oppen. The binding is in rich red genoa cloth, cloth, with its labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 6x9 1/2 inches.

Railroad Lands in Sunny South

TIRED OF FIGHTING THE WEATHER?

Don't you want to get away from blizzards and droughts? Come to Vinegar Bend, Alabama, where pleasant year-round weather enables a man to live a rational life; where there is neither freezing winter cold nor blazing summer heat to make life one long struggle with the uncertainties of climate. We have here most delightful climate, pure water, no irrigation, only 40 miles from the Gulf and 300 feet above it. Elevation means health.

Land within walking distance of Vinegar Bend, Ala., a new industrial city, not a town on paper—but an up-to-date, live, reality, with manufacturing plants, daily sending forth smoke and steam, and employing hundreds of men. The only place between Mobile, Ala., and Meridian, Miss., a distance of 135 miles, lighted by electricity.

No wilderness—seven mails every day—R. F. D. to your home daily. Good school system, churches, good neighbors, good local markets, best railroad facilities, building material at cost, fine grazing and dairy country, good for poultry, bees, Sumatra tobacco; Satsuma oranges, figs, vegetables, general farming and live stock. Three crops a year, work outdoors the year round; no malaria; no yellow fever; no sunstrokes; no heat prostrations; no better fruit and truck land in the United States. A normal full bearing acre of this land can be made to produce an average profit of \$300 per year.

WHY DON'T YOU stop trying to win out against the terrible odds of the city and take up the profitable business of a truck grower? No great capital required. Ten acres of this land—the size of 4 city blocks—can be bought for \$200, ten dollars down and \$5.00 per month, less than 17 cents a day, and remember every day you set aside these few pennies is a step toward independence. Isn't this worth considering?

Mr. Frank Salrin and his brother, A. W. Salrin, from your city (Newark, O) will be glad to tell you personally about the opportunities here. Both of these gentlemen spent several days here. They bought some of this land after a thorough investigation. You can meet them at the store of Ed. Doe, No. 7 North Third street. There you will also see some of the fruits and vegetables grown on these lands.

How She Answered Him

By F. A. MITCHEL

Copyright, 1910, by American Press Association

Joel Constable had lived on his farm at Crosby's Crossroads ever since he was born, and that was forty-two years before this story begins. He was homely, Joel was, and his face and neck, which at his age should have been comparatively smooth, were full of furrows. It was a weather beaten face, speaking of days exposed to the heat and the cold, and when Joel walked he seemed to be following the plow.

Joel had never married. People said that he was so uncouth that no woman would have him. Whether or no this was the reason, certain it is that he had never asked any woman to be his wife. There was only one person in the world he wanted, and she was during most of the time he wanted her a child. It can't be said that he was waiting for her to grow up, because there wasn't the slightest hope that she would marry him when she did. At any rate, that's the way he looked at it.

But now she had reached the age of nineteen, she was of marriageable age, and Joel resolved to do the one bold thing of his life—ask her. He had heard about courtships and wondered how they were worked. Even if they had been explained to him he would not have understood them, much less been able to take part in one of them. He was aware that without a courtship a man had not one chance in a hundred to win a woman, and as to winning a girl twenty-three years his junior with or without one would be next to impossible. There was but one thing in the world he wanted, one thing to make his life worth living, and that was Hester Blake. So one evening, dressed in his store clothes, he went to see her and, happily finding her alone, said to her:

"What I'm going to say don't really amount to anything, but I'm going to say it all the same. When you were a child I left your father and mother one day after they had said something to me, and just as I was going out of the house you were standing by the door. You were four years old and as pretty as a little picture. You put up your arms to me, I took you up in mine, and you kissed me. Since that time I've been waiting for the day to come when you would be old enough to marry, and now that you are I'm going to ask you to marry me."

Hester looked up at him. There was something so pathetic in his utter inability to plead his cause that she pitied him. Then, too, she felt that there was something incongruous in this furrowed man proposing to marry her, a round cheeked girl. It was on her lips to explain this to him, but somehow she hadn't the heart to do it. She wished to make some reply, but didn't know what to say. For a makeshift she asked him:

"What was it, Mr. Constable, that my father and mother said to you the day you left them and I kissed you?"

The question seemed to make Joel feel very ill at ease. He recrossed his legs, pulled at a little tuft of beard on his cheek, thereby drawing out the loose skin, hemmed a few times, then said:

"It wouldn't do for me to tell you that."

"Why not?"

"Well," Jared went on, getting hot in the face, "it might make you feel as if you'd ort to marry me."

"I promise not to feel that way. Come, tell me all about it."

"There's another reason why I'd better not tell," he replied. "There's blood on my hands."

"Then put it in the form of a confession."

"Well, I'm dead against telling you but if I must I must. About that time—when you kissed me, you know—there was a murder committed, and your father run away at the same time. The reason he did that was because he was liable to be charged with the murder. He was hunted down in the woods and brought to jail in town. That night the mob was coming to lynch him. I found out about it, went to the jail with a horse and buggy, told the jailer and agreed to drive your father to a safe place. He agreed. We were followed by some men on the watch for us. I shot one of 'em. I got your father off though."

There was so much labor in getting out this simple story that when Joel reached the end of it he took out a bandanna handkerchief and mopped his brow. Then he tried to go on and explain what Hester's father and mother had said to him on the day she kissed him. Hester permitted him to stumble on until he had got inextricably tangled up, when she stopped him.

"I've heard father tell all about that, and he said he was saved to us by one of the noblest, bravest men that ever lived, but he would never tell his name."

"That was because I'd shot the man and your father was the only person living that knew it. If it had got out I should have had to suffer for it."

"And you were my father's savior."

"Most any one would have done it. There was a silence between them at the end of which Hester said:

"You asked me a question."

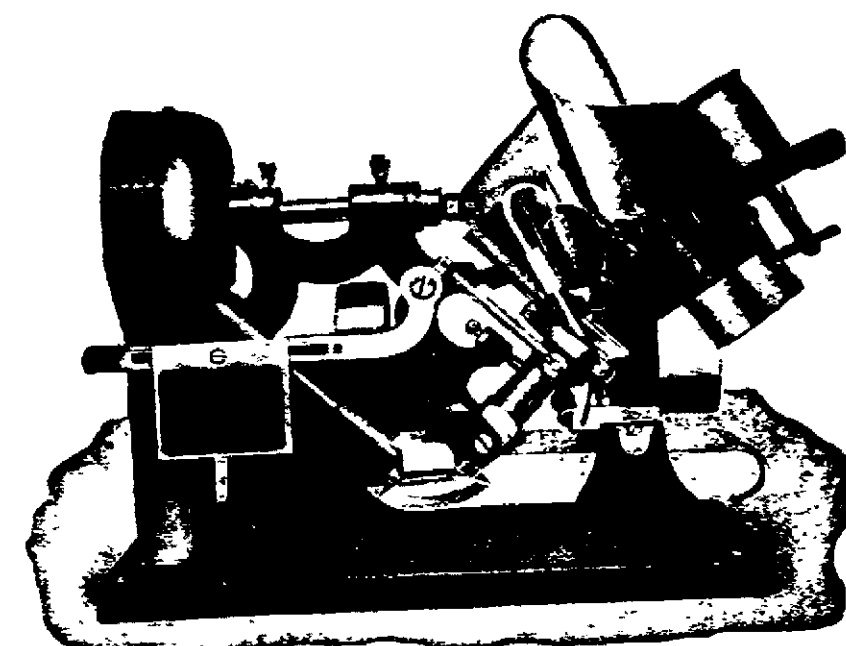

"Oh, never mind answering that. I know that can't be."

She threw her arms about his neck and the question was answered.

AMUSEMENTS

LAST NIGHT'S SHOW

The Keith Stock company has presented a number of plays at the Auditorium theatre during their week's engagement here but so far no one has yet given us last night's offering of "An Actor's Romance." The play has lots of good things in it, a bit of dry dialogue in it and it offers an opportunity for some real acting with climaxes that are well rounded.

Two roles, that of Harold Davidson and Florence Hastings offered a chance for real dramatic work, and Bessie Warren as the better than good conception of her character and was well within scope of all times Mr. Baldwin as Davidson offered his role. In fact, Mr. Baldwin is so dramatic in all his characters that one fails to realize the true value of his real climaxes for the conclusion of his every line is a climax.

The remainder of the company were at their best and the support given the two principal characters was without flaw. Charles Hammond was very clever as the Frenchman Isidore Pullen and both Ruth Ames and Luella Pullen gave very good characterizations.

AFTER ALL THESE YEARS

Chicago, Dec. 2.—With the idea of anticipating still deeper cuts, the Pullman Car company voluntarily offered to substantially reduce their present rates for both upper and lower berths. The reduction will average about 20 per cent. The interstate commerce commissioners to whom the proposition was made have not indicated what action they will take, but it is generally thought the proposed reduction will be accepted.
